गर्व
AWARDS

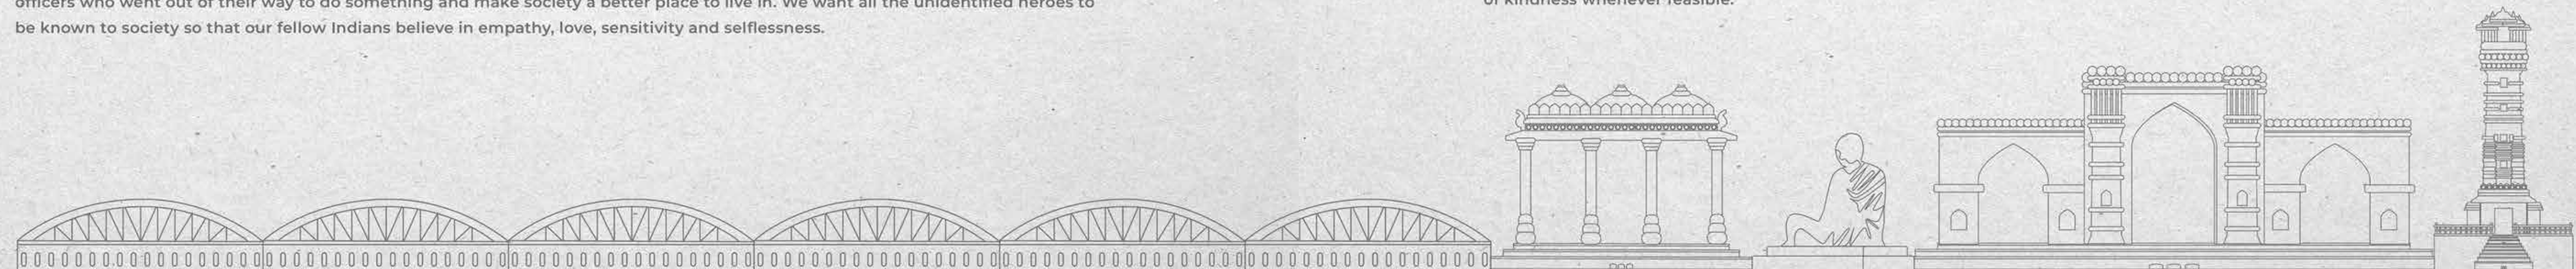

Garv is an organization whose aim is to recognise and felicitate those superheroes of India who stays behind the curtains and makes life easy for their fellow citizens through their never-ending, selfless acts.

The world often shows that it is a harsh place to live in, so Garv thoroughly appreciates the extraordinary noble work performed by the officers who went out of their way to do something and make society a better place to live in. We want all the unidentified heroes to be known to society so that our fellow Indians believe in empathy, love, sensitivity and selflessness.

Our vision lies in celebrating the Fire & Rescue officer's, Police Officer's and Defence officer's work in the public sector. It is our objective to inculcate a humanitarian approach in society. Where the fantasy world depicts the reel hero, we present to you the 'REAL' heroes, whose brave contributions have left a huge impact on society. Also, their valour would positively echo in the upcoming generations. We take a lot of pride in showcasing the work of all our heroes and then felicitating them. We all know the majority of the Indian population is youth. Identifying such superheroes would not only motivate India's young minds to perform acts of kindness whenever feasible.

AWARDS CEREMONY

While talking about the heroes and their heroic acts, one should not forget about the unsung heroes of the one such state emergency services: The Fire, Rescue & Safety Department of Gujarat.

We at Garv take a lot of pride in announcing the felicitation of such brave officials of the Fire department of Gujarat who has portrayed exemplary courage and leadership qualities in the need of the hour. Their devotion to duty at the time of crisis should never be forgotten. Their risk-taking abilities and leadership qualities in panic situations display everything about their love and care towards society. Their specialised roles in promoting fire safety are praiseworthy.

The fire department is efficiently trained and can provide medical services to society during emergencies even before the ambulances arrive. Their distinguished skillset in inspecting, maintaining the fire systems at all given times gives a sense of security to the citizens.

Their precise Co-ordinations with the other states' services remain unbeaten and the reason that their due diligence should be recognised at all levels.

We want everyone to acknowledge their quintessential zeal through this felicitation and laud them for their efforts in keeping society hazard-free all the time.

A HERO IS NOT BORN.
IS NOT MADE.
IS JUST A PERSON
WHO IS BAPTIZED BY FIRE

GUJARAT FIRE RESCUE & SAFETY AWARDS

THE REAL HEROES
BEHIND THE SAFETY OF PEOPLE

GUJARAT POLICE AWARDS

AWARDS CEREMONY

Crime is unavoidable in today's world, and maintaining a safe environment is difficult with so much at stake and so many lives at stake.

Thank you to all those in uniform who perform their duties and stand on their feet 24 hours a day, seven days a week to provide guidance and assistance to those who may become entangled in the world of crime. Every person leaves their family at home to go to work and typically returns by evening, but no one can guarantee that the person will return alive and safe without the presence of police. They deserve all of our best wishes for putting their lives in danger to keep the citizens of the state safe.

There is a lot more to say about our outstanding police and their officers than the everyday acts of heroism that we hear about in the news for the Police Bravery. Their bravery and quick thinking in the face of extreme danger has undoubtedly saved many lives.

Because not many of us wake up in the morning knowing that this day will bring regular duties or confront violent criminals, someone will be going to attack us with a weapon or whether we will have to try to save someone's life that day. But that's what they have to deal with every day when you get up and go to work. Even in times like the Covid 19 World

Epidemic where everyone is susceptible to infection, police officers have been the first responders to deal with the public in high-risk situations. And they do it to serve and protect the public, so today we want to thank the police on behalf of the entire country/state.

We admire the bravery of police officers who, at the risk of their own lives, save the lives of others and carry out their responsibilities with such zeal that no life is lost, even if it means giving up their own. An act to appropriate them in their high-risk work culture is required. A working environment with such an honourable award ceremony where they receive what they truly deserve, a token of appreciation and a badge of honour, will be a mere pinch of thank you in light of all their sacrifices.

THEY CAN SAVE
EVERYTHING AND
EVERYONE WITH
THEIR MIGHT

BECAUSE OF
THEM WE FEEL
SAFE AT ANY HOUR
OF THE DAY

AWARDS JURY

The foundation of any award is based upon a strong and expert jury that provides an invaluable knowledge base, and insight to evaluate submitted entries, creating benefit and value for participants by transferring their insights and ideas in form of votes, feedback and suggestions. An award becomes more valuable when it is given by the best of their field professionals and experts under their experience and wisdom.

We, at the garv award ceremony, welcome senior high ranking officers as the jury panellist. This initiative will boost the morale of our real heroes and an expert jury will help us to give justice to their hard work for society.

It's a great honour to have all prominent people together on this stage.

Their contribution to our society is irreplaceable and remarkable for all of us.

Pride Moment

Nothing makes it feel better than being honoured for your diligent hard work in service to the countrymen. An appreciation works as a motivation for every individual and we heartily thank all the police and fire departments for their 24*7 service towards protecting the state.

ENTER-TAINMENT ACT

Receiving an award boosts a person in their field. The title 'Award winning' carries connotations of reputation and expertise - something priceless in any line of work! It also celebrates hard work, in turn making people feel appreciated and well-respected. This recognition does wonders for the department, those who feel appreciated for the work they do are likely to continue working with enthusiasm. Award distribution and entertainment act will go simultaneously at the award show.
